## Household information

\* indicates a required field

### Projected household numbers

The figures added to this page will be used to automatically calculate the project budget shown on page 5 of this application form.

**Note** For grant governance purposes, councils are requested to base the number of eligible households per local government area on the on the number of households with residual waste services and without kerbside FOGO or FO + GO, as published in the most recent [Local Government Waste and Resource Recovery Data Report](#), published on the EPA website. This provides the evidence base for the independent Technical Review Committee (TRC) to determine the recommended funding amount for each successful applicant.

## Additional multi-unit dwelling (MUD) payment

Additional funding of \$100,000 is available to councils with a large number of MUDs transitioning to the new service. It is available only to councils with more than 10,000 MUDs, or where MUDs account for more than 20% of housing stock across the local government area. It recognises additional education may be required to engage residents in these properties and tailored education will be needed to address high resident turnover,
